Legal Note, Liability & Disclaimer

All climbing & bouldering is very dangerous & always at your own risk. Nobody is forcing you to climb. You choose to climb, so choose to go home before the risks become too high. Remember even small injuries can take 6 weeks to heal. No responsibility for inaccurate or incomplete information will be accepted by the various contributors to this guide. The landowners accept no liability at all. Climbers take full responsibility for themselves at all times. Loose rock is common, solid rock becomes loose & RD writers make up most of the information anyway. This RD is only a guide & is no substitute for experience, training, common sense & a touch of caution. So you are on your own...take care!
